STYLE WITHOUT BORDERS.

5 inspirations – marble, cement, design, stone and solid color – for a wide range of available stylistic variants: Level guarantees the highest degree of freedom of expression and is the ideal medium for architectural design in step with the latest, most innovative trends. It enables the conception and creation of furnishing and design solutions with a high aesthetic and technical value to satisfy the most varied and demanding taste.

Stile senza confini.

5 ispirazioni - marmi, cementi, design, pietre e tinte unite - per un totale di 15 varianti stilistiche disponibili: Level assicura il massimo grado di libertà espressiva ed è al completo servizio di una progettazione al passo con le tendenze più attuali e innovative. La materia prima ideale per creare soluzioni di arredo e design dall'altissimo valore estetico e tecnico, in grado di soddisfare le sensibilità e i gusti più svariati ed esigenti.

Le style sans limites.

5 inspirations – marbres, bétons, design, pierre et teinte unie – pour une vaste gamme de variantes stylistiques disponibles : poussant la liberté expressive à son paroxysme, Level s'inscrit pleinement dans un projet architectural en phase avec les tendances les plus actuelles et les plus novatrices. Pour imaginer et réaliser des solutions de décoration d'intérieur d'un très haut niveau esthétique et technique, en mesure de satisfaire la sensibilité et les goûts les plus divers et les plus exigeants.

Grenzenloser Stil.

5 Inspirationen - Marmor, Beton, Design, Stein und Unifarbe – für ein breites Angebot an Stilvarianten: Level bietet höchste Ausdrucksfreiheit und eignet sich für zeitgemäße Lösungen, die innovative und aktuelle Trends aufgreifen. Raum für Ideen und gestalterische Freiheit bei Einrichtungs- und Designprojekten, ausgezeichnete ästhetische und technische Qualität, um anspruchsvollsten Stilanforderungen unterschiedlicher Art auf hohem Niveau gerecht zu werden.

Estilo sin fronteras.

5 fuentes de inspiración – mármol, cemento, design, piedra y monocolor— para una amplia gama de variantes de estilo disponibles: Level asegura el máximo grado de libertad expresiva y está por entero al servicio de una proyección acorde con las tendencias más actuales e innovadoras. Para imaginar y realizar soluciones de decoración y diseño con un altísimo valor técnico y estético, capaz de satisfacer la sensibilidad y los gustos más diversos y exigentes.

GREENGUARD

The GREENGUARD Certification process provides an in-depth review and analysis of chemical emissions from manufacturers' products. Using dynamic environmental chamber testing, products are tested for volatile organic compounds (VOCs), including formaldehyde, and over 300 other VOCs with health-based limits. GREENGUARD Certified products aid in the creation of healthier indoor environments, and release fewer pollutants that can contribute to health issues including asthma and other respiratory issues. To remain certified, products undergo comprehensive certification testing on an annual basis, giving consumers peace of mind that they are selecting products that support better human health. Recognized and referenced by over 400 codes, rating systems, and procurement policies worldwide, the GREENGUARD Certification requires that products meet some of the world's most rigorous and comprehensive limits for low emissions of volatile organic compounds into indoor environments. The GREENGUARD Gold standard includes health-based criteria for additional chemicals and requires lower total VOC emissions levels to ensure that products are acceptable for use in environments such as schools and healthcare facilities. In addition to limiting emissions of more than 360 VOCs and total chemical emissions, GREENGUARD Gold Certified products must also comply with requirements of the State of California's Department of Public Health "Standard Method for the Testing and Evaluation of Volatile Organic Chemical Emissions from known as California Section 01350.

MESH-MOUNTED SLABS LASTRE STUOIMATE

All Level slabs in the 6.5 mm and 12 mm thicknesses are also available in mesh-mounted version.

Fibreglass is applied to the underside of mesh-mounted slabs to increase their mechanical and bending strength and simplify shaping operations.

Tutte le lastre Level in spessore 6,5mm e 12mm sono disponibili anche nella versione stuoiata.

6,5 mm et 12 mm d'épaisseur sont également disponibles avec filet en fibre de verre.

Il processo di stuoiatura consiste nell'apporre sul retro della lastra una fibra di vetro che ha il compito di incrementare la robustezza meccanica della lastra, di renderla più resistente alle flessioni, e di agevolare le operazioni di lavorazione della stessa.

Dans ce cas, un filet en fibre de verre est appliqué au dos de la dalle pour augmenter sa solidité mécanique, pour la rendre plus résistante aux flexions et pour faciliter son façonnage.

Toutes les dalles Level de

Alle Level-Platten in Materialstärke 6,5 mm und 12 mm sind auch in der Version mit Glasfasernetz erhältlich.

Todas las placas Level de 6,5 mm y 12 mm de grosor se hallan disponibles también en la versión con red de fibra de vidrio.

Das Laminieren mit Glasfaser besteht darin, ein Glasfasernetz auf der Plattenrückseite aufzubringen, um die mechanische Festigkeit der Platte zu erhöhen, sie biegefest zu machen und ihre Bearbeitung zu erleichtern.

El proceso de aplicación de la fibra de vidrio consiste en colocar en la parte de atrás de la placa una red de dicho material con el objeto de incrementar la solidez mecánica de la placa, hacerla más resistente a las flexiones y facilitar las operaciones de elaboración de la misma.
